1. Search for books

1-1 Features of Tokyo Tech Library Catalog

● Coverage

Library materials: books, journals, and more

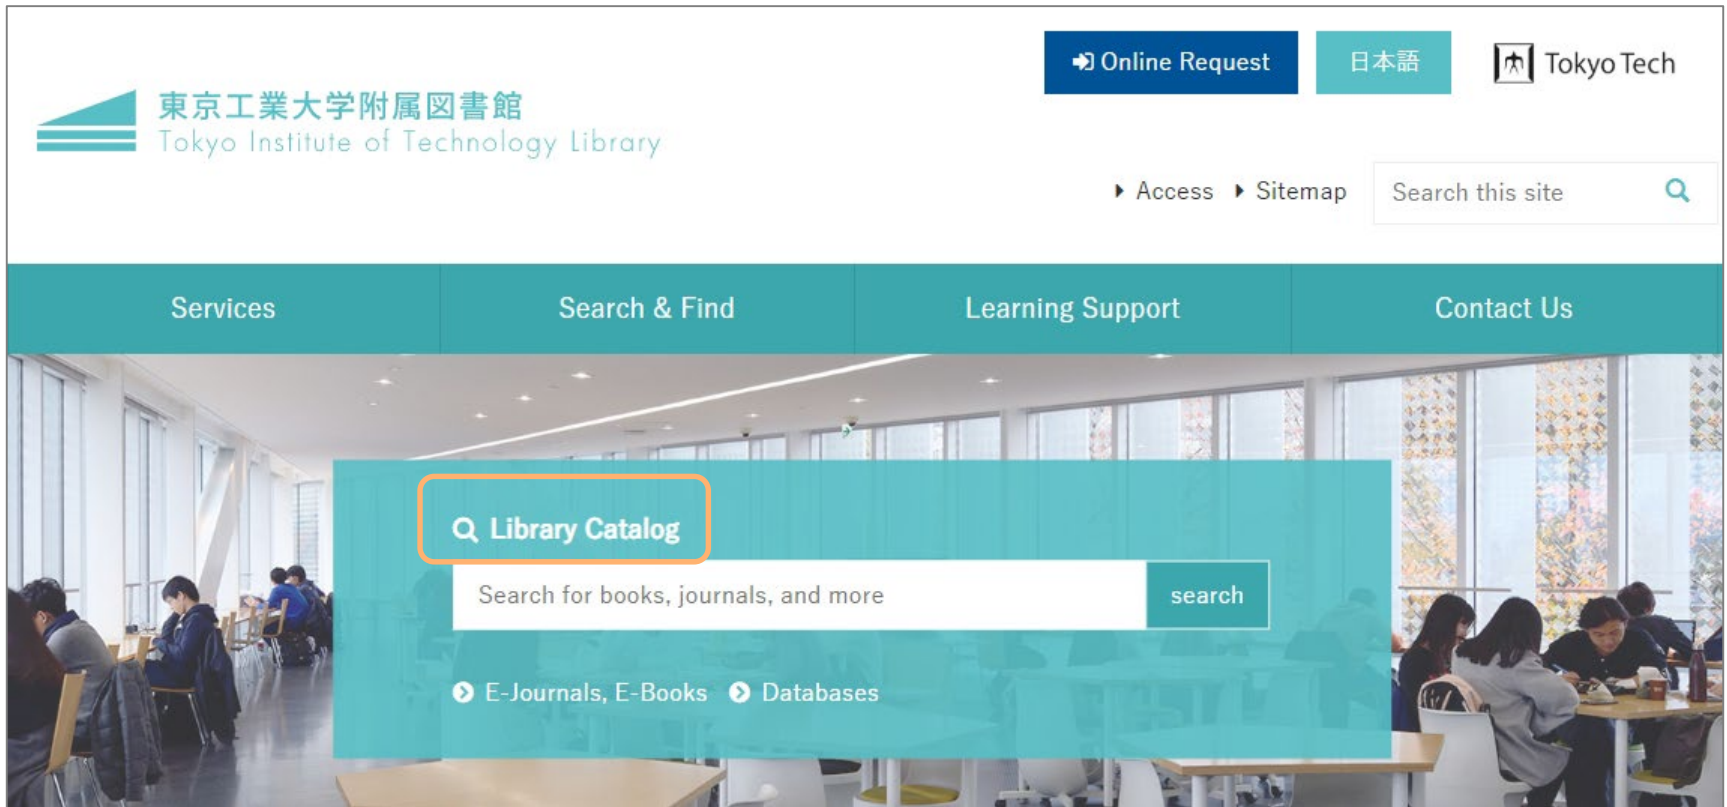

● Search Terms

Keywords: words in title, author, or other information of a material

● What do you get by using Library Catalog?

- Whether the library holds a material or not
- Where a material is located in the library
- Whether you can check out a material or not
- Reserve a book that other person has checked out
- Order a book from another campus

1-2 Access to Tokyo Tech Library Catalog

1-3 Simple Search

The screenshot displays the Tokyo Tech Library Catalog website. At the top left is the logo and text "Tokyo Tech Library Catalog". To the right is a navigation menu with links: "Library Top Page", "Electronic journals List", "Online Request", "New Books List", "New Journals List", "Library Catalog", "Article DB", "Source Title DB", "Cross Search", "Books Ranking", "Tokyo Tech Book Review", "Bookmarks", "Help", and a language dropdown menu set to "English". Below the navigation is a search bar with a "Search" button. Underneath the search bar is a section for "Search for other sites by same keyword(s)" with links to "CiNii Books", "NDL Search", "WebcatPlus", "amazon", "カーリル", and "WorldCat". At the bottom of this section is an "Advanced search" button.
